ANNUAL STATISTICS

INTRODUCTION

The Northern Territory Department of Correctional Services (NTDCS) supervises both adults and youths who are subject to imprisonment/detention or community based court orders. Persons in custody are located at:

Adults -

- Alice Springs Correctional Centre;
- Darwin Correctional Centre;
- · Datjala Work Camp (Nhulunbuy); and
- Barkly Work Camp.

Youths -

- Alice Springs Youth Detention Centre, located within the Alice Springs Correctional Precinct; and
- Don Dale Youth Detention Centre, located 16 km south of Darwin.

The non-custodial orders are administered by officers located in eight offices throughout the Northern Territory (NT):

- Palmerston and Top End Region (Jabiru, Maningrida, Oenpelli, Tiwi Islands);
- Casuarina;
- Alice Springs;
- Katherine;
- Tennant Creek;
- Groote Eylandt (Alyangula);
- Wadeye (Port Keats); and
- Nhulunbuy.

This report presents detailed statistics on adults and youths supervised by NTDCS during 2014-15. Data from 2013-14 are supplied for comparison purposes as well as some long term data to show trends.

Statistics in this report include demographic characteristics of prisoners and community corrections clients, receptions, sentence status, offence types, last known address, caseload, community corrections client turn over, imprisonment rates and sentence durations.

The majority of the data are extracted from the Integrated Offender Management System (IOMS). Some internal data compiled by NTDCS are also used (eg escape information, daily averages).

National rates of imprisonment compiled by the Australian Bureau of Statistics (ABS), are provided for comparison with NT rates.

Selected characteristics in relation to the NT and other jurisdictions for 2013-14 from the 'Report on Government Services' are presented in this report.

Care should be taken when comparing information from this with other publications (eg ABS publications, Department of Correctional Services Annual Report and Report on Government Services), as different data collection timeframes, data extractions dates, different data sources or different counting methods may have been used.

The tables provided in this publication relating to the census of prisoners held on 30 June 2015 only include prisoners held in NT Correctional Centres. It does not include 16 prisoners who were held in Police Prisons on the night of 30 June 2015. These police prisoners are included in the ABS publication "Prisoners in Australia" therefore some differences may occur between figures in this report and figures published by the ABS.

The basis for reporting on offences is the Most Serious Offence (MSO) for the episode as recorded in IOMS. To enable national comparability, reporting on offences is in accordance with the Australian and New Zealand Standard Offence Classification (ANZSOC) divisions and selected subdivisions. Offence table abbreviations and classifications can be found in Appendix 1.

The totals in some tables (eg daily averages) may differ to the sum of the components due to rounding of the values of the components.

This comprehensive set of statistics is primarily used by NTDCS staff for tactical and strategic planning relating to correctional services in the Northern Territory. Researchers and practitioners from other jurisdictions may also find this publication informative.

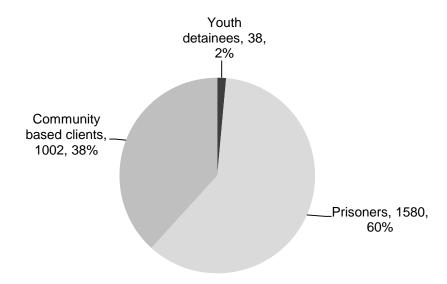

This report was compiled by the Criminal Justice Research and Statistics Unit, Northern Territory Government and is available via the website:

http://www.nt.gov.au/justice/policycoord/researchstats/index.shtml

CASELOAD OVERVIEW

On 30 June 2015, the Northern Territory Correctional Services caseload consisted of 2,620 distinct persons, either undertaking a community based program or in custody in a correctional institution. This is estimated as 1,262 per 100,000¹ persons in the Northern Territory.

3

¹ Derived from the Australian Bureau of Statistics publication (3101.0) – Australian Demographic Statistics, June 2015.

ADULT PRISONERS

Population

The daily average number of prisoners held in adult correctional institutions in the Northern Territory in 2014-15 was 1,597 which was 6% higher than the previous year (1,501). The following figure shows the prison population has steadily been increasing over the past 22 years.

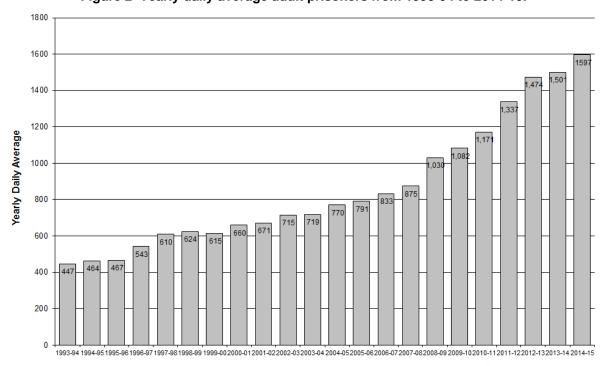

Figure 2 Yearly daily average adult prisoners from 1993-94 to 2014-15.

The minimum and maximum number of prisoners that were held in custody in an adult correctional institution in the Northern Territory on any day during 2014-15 was 1,479 and 1,689 respectively. The average occupancy level of the combined correctional institutions was 98% during the year.

Table 1 Summary of adult prisoner numbers in 2014-15 by correctional institution.

Correctional Institution	Minimum	Maximum	Daily Average	Design Capacity	Average Occupancy Level
Alice Springs Correctional Centre	557	656	612	500	122%
Darwin Correctional Centre	805	951	889	1048	85%
Barkly Work Camp	53	75	68	50	136%
Datjala Work Camp	22	36	28	30	93%
All Centres	1479	1689	1597	1628	98%

Receptions

There were 4,128 receptions into Northern Territory adult correctional institutions during 2014-15, an increase of 3% from the previous year. These receptions involved 3,252 distinct persons.

Imprisonment Rates

The rate of imprisonment² of adults in the Northern Territory for 2014-15 is estimated to be 882 per 100,000 adults, which continues to be significantly higher than in other jurisdictions (see Figure 3 below). The national rate of imprisonment is estimated as 191 per 100,000 adults.

4

² Derived from the Australian Bureau of Statistics publication (4512.0) – Corrective Services Australia, June quarter 2015.

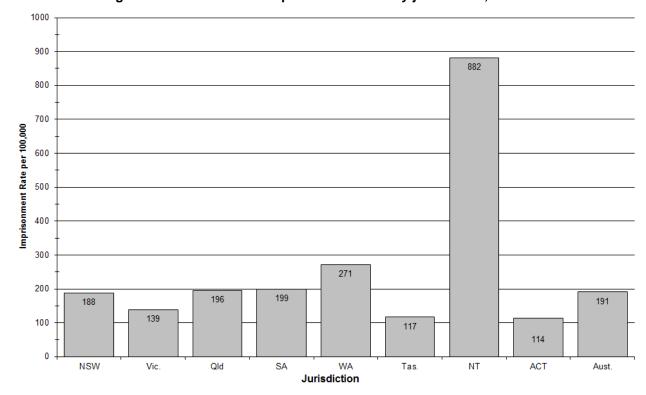

Figure 3 Estimated adult imprisonment rates by jurisdiction, 2014-15.

Estimates of imprisonment rate per 100,000 adult population based on ABS Corrective Services Australia (4512.0).

Sentenced Prisoners

On 30 June 2015, sentenced prisoners represented 70% of those in custody. Of these, 39% had a sentence of less than 12 months.

During 2014-15, sentenced prisoners represented 65% of the receptions and 71% of the daily average number of prisoners in adult correctional institutions.

The average sentence length for prisoners sentenced to imprisonment during 2014-15 (excluding prisoners with life sentences) was 267 days which is 32 days longer than for the previous year (235 days). The median sentence lengths however were similar: 122 days in 2014-15 and 121 days in 2013-14. The average sentence length for Indigenous prisoners who were sentenced in 2014-15 was 239 days.

The most common offence type for sentenced episode commencements was 'Acts intended to cause injury' which represented 46% of the commencements. The average aggregate sentence length was 258 days (which is slightly more than the previous year's average of 227 days). The longest average aggregate sentences were recorded for 'Murder' (life), 'Manslaughter and driving causing death' (3,671 days), and 'Sexual assault and related offences' (1,463 days).

The average sentence length for all sentenced prisoners held in custody during 2014-15 (excluding prisoners with life sentences) was 497 days and the median sentence length was 161 days.

Offence

The most common offences³ for prisoners held in custody on 30 June 2015 were 'Acts intended to cause injury' (48% of prisoners), followed by 'Sexual assault and related offences' (11% of prisoners) and 'Offences against justice procedures, government security and operations' (9% of prisoners).

Last Known Address

Alice Springs was the most common last known address for prisoners held in custody on 30 June 2015 representing 18% (285) of prisoners in custody. This was followed by Darwin and Casuarina each at 9% (136), Katherine at 7% (105) and Palmerston at 6% (99).

³ The most serious offence for the custody episode as recorded in IOMS.

Indigenous Status

The daily average number of Indigenous prisoners in custody during 2014-15 was 1,361 which represented 85% of the total daily average.

On 30 June 2015, there were 1,331 Indigenous prisoners in custody in an adult correctional institution in the Northern Territory, which represented 84% of total prisoners.

The figure below shows that the 2014-15 estimated rate of imprisonment of Indigenous adults in the Northern Territory was 2,954 persons per 100,000 Indigenous adults, which is 33% more than the national average of 2,229 persons per 100,000 Indigenous adults.

The estimated 2014-15 Northern Territory non-Indigenous rate of imprisonment was 167 per 100,000 non-Indigenous adults, compared with the national rate of 142 per 100,000⁴. Excluding people smugglers from the non-Indigenous prisoner population, the estimated Northern Territory non-Indigenous rate of imprisonment would be 166 per 100,000 non-Indigenous adults.

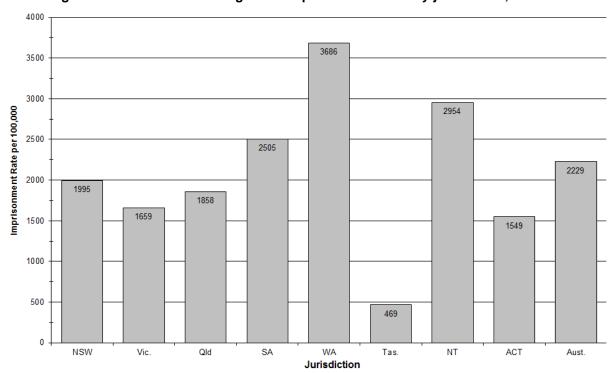

Figure 4 Estimated adult Indigenous imprisonment rates by jurisdiction, 2014-15.

Estimates of imprisonment rate per 100,000 adult Indigenous population based on ABS Corrective Services Australia (4512.0).

Age

The average age of distinct prisoners received into custody during 2014-15 was 33 years. There were 28 distinct prisoners received into custody who were aged 60 years or older, with the oldest prisoner aged 82 at reception.

Sex

On 30 June 2015, there were 145 female prisoners in custody, which represented 9% of the Northern Territory prison population. During 2014-15, there were 299 sentenced female receptions, a 16% increase compared with the previous year (257).

The daily average number of adult females in custody during 2014-15 was 128, which was 15% higher than the previous year (111). During 2014-15, the average daily proportion of females in the Northern Territory prison population was 8.0% compared to the national average of 7.8% for the same period⁵.

⁴ The NT and national non-Indigenous adult population estimates for 2014-15 were derived from rates used in ABS (4512.0) Corrective Services Australia – June Quarter 2015.

⁵ Figures for 2014-15 - Estimates based on ABS Corrective Services Australia – June Quarter 2015.

The estimated Northern Territory female imprisonment rate for 2014-15 was 151 per 100,000 adult females, an increase of 13% from the previous year. The estimated Australian rate for the same period was 30 per 100,000 adult females.

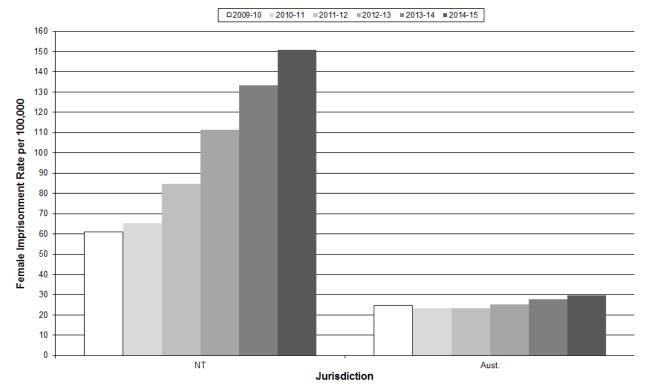

Figure 5 Estimated adult female imprisonment rates, 2009-10 to 2014-15.

Estimates of imprisonment rate per 100,000 adult female population based on ABS Corrective Services Australia (4512.0).

Marital Status

On 30 June 2015 50% of the prisoners had stated at the time of their reception into custody, that they were married.

YOUTH DETAINEES

Population

As shown in the figure below, there has been considerable change in the annual daily average number of detainees held in youth detention centres over the past 22 years, with marked growth in the most recent decade.

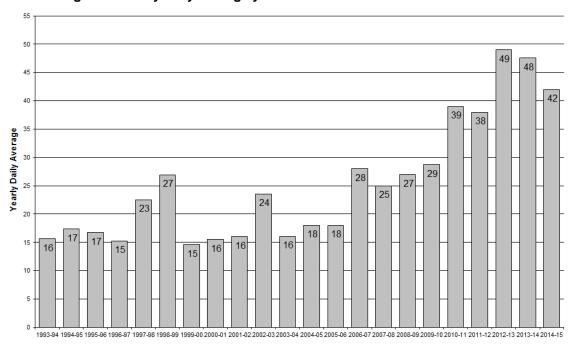

Figure 6 Yearly daily average youth detainees from 1993-94 to 2014-15.

Note: Prior to June 2000, 17 year olds were classified as adults.

The daily average number of detainees held in custody during 2014-15 was 42, which was a decrease of 12% from the previous year.

The estimated detention rate for the Northern Territory was 157 per 100,000 youths aged between 10 and 17 years⁶.

The minimum number of detainees held in custody on any day during the year was 30 and the maximum was 52.

Table 2 Summary of youth detainee numbers in 2014-15 by detention centre.

Youth Detention Centre	Minimum	Maximum	Daily Average	Design Capacity	Average Occupancy Level
Don Dale Youth Detention Centre	17	37	27	55	49%
Alice Springs Youth Detention Centre	8	25	15	16	94%
All Centres	30	52	42	71	59%

Q

⁶ Ten to seventeen year old population estimates were derived from ABS Estimated Resident Population (see ABS publication 3101.0 June 2015). The estimates include persons from 10 years old, up to but not including person 18 years old.

Receptions and Sentence Status

There were 462 receptions into youth detention centres in the Northern Territory in 2014-15, which involved 232 distinct youths.

Most youths are unsentenced at the time of reception into a detention centre. However during an episode, a detainee may commence several types of orders. Thus during 2014-15, there were 542 distinct order commencements consisting of 457 remand order commencements and 85 sentenced detention order commencements. The daily average number of sentenced detainees during 2014-15 was 11.

Offence

The most common offences⁷ for youths received into detention during 2014-15 were 'Acts intended to cause injury' (36% of all receptions) and 'Unlawful entry with intent/burglary, break and enter' (27% of all receptions). There was an 81% increase in the number of youths received into detention for 'Robbery, extortion and related offences' (from 16 offences in 2013-14 to 29 offences in 2014-15).

Indigenous Status

During 2014-15, 432 (94%) of the 462 youth receptions involved Indigenous detainees. Of the 85 sentenced youth receptions, 94% (80) were Indigenous.

Age

Of the 232 distinct detainees who commenced at least one episode in a youth detention centre during 2014-15, 28% were aged less than 15 years.

Sex

Most of the detainees received into a youth detention centre during 2014-15 were males. Only 58 (13%) of the 462 receptions were for female detainees, which was 12% less than the previous year's figure of 66 (14% of 468 receptions).

⁷ Most serious offence as recorded in IOMS.

FOREIGN NATIONAL PRISONERS

Foreign national prisoners are often held in Northern Territory correctional institutions and are included in the counts as non-Indigenous. The yearly daily average number of foreign national prisoners reached a peak of 145 in 2000-01.

Between 1999-00 and 2002-03, the majority of foreign national prisoners held in Northern Territory correctional institutions were classified as people smugglers. People smugglers are generally non-Australian citizens in custody for federal 'people smuggling' offences⁸. There was a rapid increase in the number of receptions of people smugglers during the 1999-00 financial year. During the period 1999-00 to 2001-02, people smugglers represented a significant proportion of the total custody population and a large proportion of the non-Indigenous custody population. The yearly daily average number of people smugglers reached a peak of 122 in 2000-01. By 2003-04, the number of people smugglers had become negligible except during the three year period 2010-11 to 2012-13 where there was a smaller spike (averaging 27).

Table 3 Summary of estimated daily average foreign prisoners and detainees from 1996-97 to 2014-15.

na – not available.

Adult Prisoners

On 30 June 2015, there were 36 foreign nationals in custody in an adult correctional institution, representing 2% of the total adult correctional institution population.

Youth Detainees

On 30 June 2015, there was one foreign national youth in custody in a correctional institution.

⁸ Most serious offence as recorded in IOMS.

COMMUNITY CORRECTIONS PROGRAMS

Program Caseload

As at 30 June 2015, the Community Corrections caseload consisted of 933 adult programs and 137 youth programs. Of these, 734 (69%) were for probation orders (ie. order of release on bond/good behaviour OR order of suspending a sentence with a supervision condition) and 194 (18%) were community work orders.

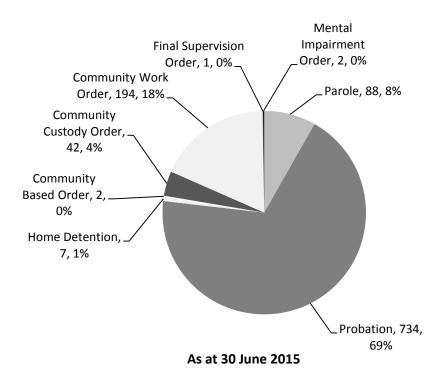

Figure 7 Community Corrections program caseload (adult and youth)

Commencements

During 2014-15, there were 1,723 community-based program commencements, 7% (119) more than the previous year. The number of parole orders increased by 28% (29) and the number of community work orders increased by 9% (46). Probation orders were the most common community-based commencement, followed by community work orders, comprising 54% (924) and 32% (553) respectively.

Indigenous Status

Indigenous people represented 83% (1,437) of the community-based program commencements.

Age

The majority (1,451 or 84%) of community-based program commencements were for adults. The average and median age for distinct persons who commenced a community-based program during 2014-15 was 29 years and 27 years respectively. The youngest person to commence an order was 11 years and the oldest was 64 years.

Sex

Females comprised 17% (301) of the community-based program commencements for 2014-15.

PERFORMANCE

The following table contains information produced by the Steering Committee for the Review of Commonwealth/State Service Provision (SCRCSSP) contained in the 'Report on Government Services, 2016', which compares service delivery performance across jurisdictions in Australia. Each jurisdiction provides standard information by which comparisons can be made. For corrective services, performance is categorised according to efficiency or effectiveness. Key focus areas mentioned above are addressed by at least one indicator and a selection of summary indicators are presented in the following table.

The information presented in the following table for other jurisdictions is for 2014-15. The Agency uses many of the findings from this exercise to establish benchmarks for its own business planning exercises.

In many instances, the Northern Territory differs from other jurisdictions. These unique characteristics include the small general population of which a high proportion is comprised of Indigenous persons, dispersion of the population and remoteness, which results in higher costs for goods and services, and the physical location of the Northern Territory in comparison to other states.

It should also be noted that some of the indicators used in the following table might differ from those used elsewhere in this Annual Report. This may be due to differences between jurisdictions in accrual or cash accounting processes and the exclusion of youth justice from the SCRCSSP exercise.

As can be seen, the Northern Territory compares reasonably with other jurisdictions in most of the performance indicators mentioned above. The measure of recidivism is seen to be a partial measure of the whole justice system, not just the correctional system. It is recognised that the rates of recidivism are influenced by many factors outside the justice system, including education, employment and social conditions. The measures of recidivism used are limited in that they do not consider the types of reoffending, only follow a person within the same jurisdiction in which they completed the original corrections program and do not include any offences which result in an outcome not administered by correctional services.

Table 4 National Performance Indicators.

^{- -} nil or rounded to 0

Notes for Table 4:

- 1. All prisoners released following a period of sentenced imprisonment who return to prison in the same jurisdiction within 2 years of their release.
- 2. Offenders returning to a community corrections program in the same jurisdiction within 2 years of them successfully completing a program.
- 3. Relevant population refers to all person aged 18 years and over.
- 4. Per 100 prisoners and refers to prisoners, not incidents. Rate is determined by the number of prisoners divided by prisoner daily average (open or secure).
- 5. Per 100 prisoners and is determined by the number of deaths divided by the prisoner daily average.
- 6. Prior to 2009-10 figures were counted as at 30 June for persons serving 3 months or more. In 2009-10, the NT changed its counting methodology to count all prisoners enrolled on the first school day of the month, averaged over 12 months.
- 7. Includes direct employee expenses (excluding payroll tax and long service leave) and operational costs, apportioned indirect costs for corporate support services and expenditure incurred by other departments on our behalf.
- 8. Capital costs not included.
- 9. Community supervision counts distinct persons not orders and for the Northern Territory, home detention clients are included in this group.
- 10. Northern Territory figures do not include clients whose order has been in suspense (breach) for three years or more.

Total 30 June 2014	18	89	145	158	180	213	210	16	44	1073	1062	487	

Aggregate sentence – The longest period that the offender may be detained under sentence in the current episode.

Other – Includes prisoners detained at the Administrator's pleasure or indefinite sentences subject to Judicial Review.

Days (Mean, Median) – Does not include indeterminate sentences (Life, Administrator's Pleasure and indefinite sentence).

- There was an increase of 3% in the number of sentenced prisoners held on 30 June 2015 compared with 30 June 2014.
- On 30 June 2015, 24% of the sentenced prisoners held in custody had an aggregate sentence of five years or longer (including life sentences).
- There was a 20% increase in the number of prisoners with aggregate sentences of 6 months and less than 12 months on 30 June 2015, compared with 30 June 2014.
- Prisoners with an aggregate sentence of 12 months or less comprised 39% of total sentenced prisoners.
- The average aggregate sentence of sentenced prisoners held at the Barkly Work Camp increased by 30% from the same time last year.

Fine default – Those prisoners who are serving a sentence for non-payment of a fine and are subject to no other sentence at the time. Offenders who are serving fine default sentences while on remand are counted as sentenced (fine default) prisoners.

Max-Min – Maximum term specified and minimum term or non-parole period set.

Fixed term – No post-release follow-up period set.

Indefinite - Other - Includes prisoners detained at the Administrator's pleasure or subject to Judicial Review.

Indefinite -Parole - Prisoners who have received a life sentence with a non-parole period set.

- Of those who were unsentenced, 83% were Indigenous.
- Indigenous prisoners comprised 95% of those with fixed term sentences and 81% of those with max-min sentences.
- 'Max-Min' sentences represented the most common type of sentence.
- There was a 15% increase in the number of unsentenced prisoners on 30 June 2015 compared with the previous year.

ADULT PRISONER AND YOUTH DETAINEE TURNOVER DURING 2014-15

Sentenced – If any portion of an episode is sentenced as at the reporting date, then it is classified as a sentenced reception.

- There was a 19% increase in the number of Indigenous sentenced female receptions in adult correctional centres in 2014-15 compared with the previous year.
- There was a 20% increase in the number of sentenced non-Indigenous males into adult correctional centres during 2014-15 compared with the previous year.
- There was a 1% decrease in the number of receptions into youth detention centres in 2014-15 compared with the previous year. Most of these receptions (67%) were unsentenced Indigenous male youths.

Note:

The figures represent the averages rounded to the nearest integer.

- There was a 6% increase in the yearly daily average compared to the previous year.
- The yearly daily average number of sentenced prisoners increased by 6% and unsentenced prisoners also increased by 6%.
- Indigenous prisoners represented 85% of the daily average.

Other Discharge From Custody – These are predominantly prisoners released from court, ie bailed, released following finalisation of charges. Also includes releases on non-supervised bonds and community work orders.

- The total number of prisoners released increased by 2% compared with the previous year.
- Prisoners released for 'expiry of sent (full term)' increased by 19% compared with the previous year.
- Prisoners released to 'supervised bond' decreased by 16% compared with the previous year.
- There was a 35% increase in the number of prisoners released on parole compared with the previous year.

Note: The age group and correctional institution is for the first reception for a distinct person. Youth aged 15 to 17 years can be accommodated in adult correctional institutions.

- The average age of distinct Indigenous adults received into custody in 2014-15 was 33 years and for distinct non-Indigenous adults it was 35 years.
- During 2014-15, there were 28 distinct persons aged 60 years or older received into custody, which represented less than 1% of distinct persons received. The eldest person received was 82 years of age.

Place of origin - Self reported location of origin, as recorded in IJIS and aggregated into Police Districts.

Note: The correctional institution is for the first reception for a distinct person.

- Interstate prisoners increased by 46% or 114 distinct prisoners from the previous year. They comprised 11% (362) of distinct prisoners received into an adult correctional centre during the year and 45% of total distinct non-Indigenous prisoners.
- The Alice Springs district represented 23% of distinct prisoner receptions, followed by Darwin (16%) and Katherine (7%).
- The number of Overseas locations increased by 47% or 37 distinct prisoners from the previous year.

^{*} includes indefinite sentences

Note: 'life' sentences not included in total mean and median calculations.

Aggregate sentence – Is determined as the period between the most recent full-time discharge date (as at 30 June 2015) and the date of reception for the episode.

Most serious offence – As recorded from information derived from IOMS and IJIS.

• There were 2,626 sentenced episode commencements during 2014-15, 12% more than in 2013-14. This includes 243 people who were on remand on 30 June 2014 who became sentenced within the same episode during the following 12 months.

- These sentenced episode commencements relate to 2,261 distinct persons.
- 'Acts intended to cause injury' was the most common offence type for sentences commencing in 2014-15 comprising 46% of the commencements. This was followed by 'Offences against justice procedures, government security and government operations' (22%) and 'Traffic and vehicle regulatory offences' (10%).
- 'Murder', 'Attempted Murder' and 'Manslaughter and driving causing death' on average received the longest aggregate sentences of life and 3,671 days. They were followed by 'Sexual assault and related offences' which had an average aggregate sentence of more than 4 years.
- Two people commenced a life sentence for murder during 2014-15.
- 66% of the sentenced episode commencements had an aggregate sentence of less than 6 months.
- Indigenous people represented 91% of the sentenced episode commencements. The average aggregate sentence length for Indigenous prisoners was 239 days, 28 days less than the average for all persons.

Table 21 Adult sentenced episodes held by aggregate sentence, offence and Indigenous status.

^{*} includes indefinite sentences

Aggregate sentence – Is determined as the period between the most recent full-time discharge date (as at 30 June 2015) and the date of reception for the episode.

Most serious offence – As recorded from information derived from IOMS and IJIS.

- There were 3,693 episodes which commenced prior to or during 2014-15 and were sentenced prior to or became sentenced during 2014-15; 89% of these episodes related to Indigenous prisoners.
- The average aggregate sentence for those held during 2014-15 was 497 days and the median was 161 days.

nicludes indefinite sentences
 Note: 'life' sentences not included in total mean and median calculations.

During 2014-15, there were 60 episodes in which the aggregate sentence for the prisoner was

^{*} includes indefinite sentences

Note: 'life' sentences not included in total mean and median calculations.

Aggregate sentence – Is determined as the period between the most recent full-time discharge date (as at 30 June 2015) and the date of reception for the episode.

Most serious offence – As recorded from information derived from IOMS and IJIS.

- In 2014-15, there were 269 sentence commencements for adult females, 9% more than the previous year. Adult female commencements represented 10% of all sentence commencements for all adults during this period.
- The average aggregate sentence length for females was 5 days less than the average for all adults.

• 'Acts intended to cause injury' was the most common offence for females who commenced a sentence in 2014-15 (38% of commencements), followed by 'Offences against justice procedures, government security and government operations' (23%) and 'Traffic and vehicle regulatory offences' (16%).

^{*} includes indefinite sentences

Note: 'life' sentences not included in total mean and median calculations.

Aggregate sentence – Is determined as the period between the most recent full-time discharge date (as at 30 June 2015) and the date of reception for the episode.

Most serious offence – As recorded from information derived from IOMS and IJIS.

- There were 69 sentenced episode commencements for youths during 2014-15 which is 10% less than in 2013-14.
- These sentenced episode commencements relate to 61 distinct persons.

- 'Unlawful entry with intent, burglary, break and enter' was the most common offence type for sentences commencing in 2014-15 comprising 41% of the commencements
- 60 (87%) of the youth sentence commencements had an aggregate sentence of less than 12 months.

Total 2014-15	192	173	96	462	
Total 2013-14	171	170	125		468

Most serious offence – As recorded in IOMS.

Age - In years at reception.

Note: A youth may commence several short remand episodes for the same offences without being convicted.

The total figure for 2014-15 includes one youth who was aged 18 at time of reception and 2013-14 includes two youth offenders who were 18 at time of reception.

- 'Acts intended to cause injury' was the most common offence type for youth receptions in 2014-15, comprising 36% of receptions. This was followed by 'Unlawful entry with intent/burglary, break and enter', comprising 27% of receptions.
- The offence group 'Robbery, extortion and related offences' increased by 81% or 13 offences from 2013-14.
- Youths aged 10-14 comprised 42% of total youth receptions during 2014-15.

Note:

Adult status is based on age at commencement of program.

Figures are distinct by program thus the total figure does not represent distinct clients, as a client may have different programs active simultaneously.

Active orders counted only, i.e. no orders in breach included.

- There was a 2% decrease in the adult caseload as at 30 June 2015 compared with the same time the previous year.
- Indigenous persons represented 77% of the adult caseload as at 30 June 2015.
- There was a 75% increase in programs for the Nhulunbuy office and a 95% increase in programs for the Wadeye office.
- Community Custody Orders increased by 45% whilst Home Detention Orders decreased by 46% compared with the same time the previous year.

Distinct Persons 2013-14	222	932	37	208	259	1140		1399

Note: The sum of distinct adults and youths may differ to the total distinct persons, as a person could appear as both an adult and youth in the same year.

- There was a 7% increase in the number of distinct persons commencing a community-based program in 2014-15 compared with the previous year.
- Females represented 18% of the distinct persons who commenced a community-based program in 2014-15.

30 YEAR HISTORICAL SUMMARY

For World Statistics Day (held on 20 October 2015) a series of figures were created showing how key statistics reported for the annual national prisoner census had changed in the past 30 years. The Northern Territory has provided data for the annual census since 1982 when the census commenced. The census includes all persons on remand or serving sentences at any gazetted prison for adult offenders at midnight on 30 June of each year.

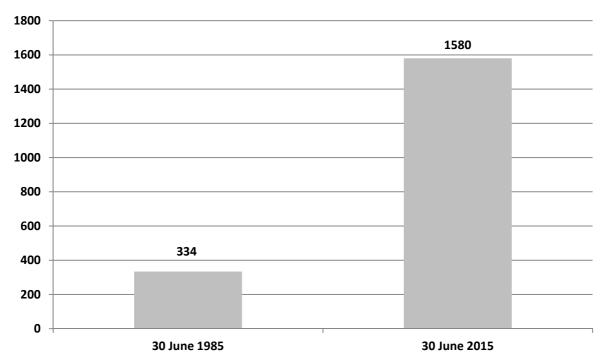

Figure 8 Number of adult prisoners in NT correctional institutions.

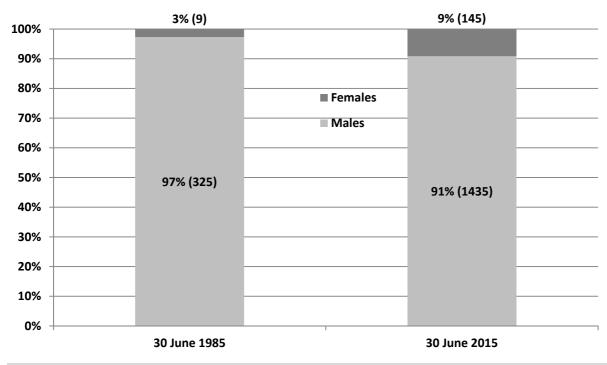

Figure 10 Number and percentage of adult prisoners in NT correctional institutions by Indigenous status.

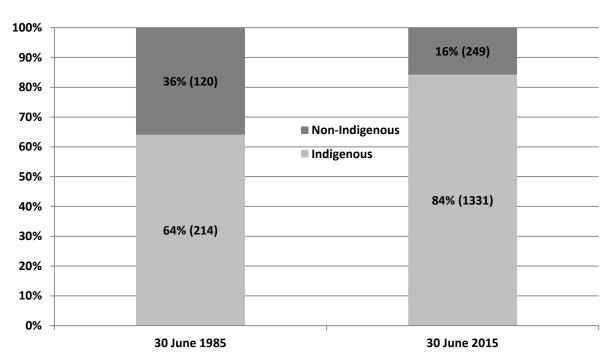

Figure 11 Number and percentage of adult prisoners in NT correctional institutions by sentence status.

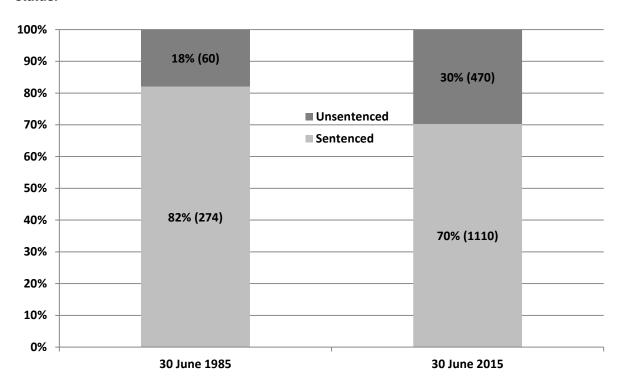

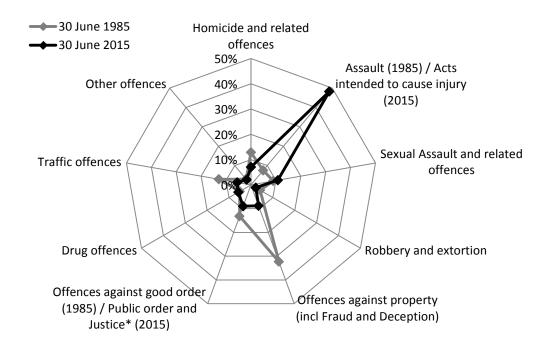

Figure 12 Percentage of adult prisoners in NT correctional institutions by most serious offence.

^{*}Includes public order offences and offences against justice procedures, government security and operations

APPENDIX 1

OFFENCE CLASSIFICATIONS

The offences used in this report are based on the Australian and New Zealand Standard Offence Classification. Offences are grouped into Division and Subdivision level and are as follows:

Offences Against the person

Homicide and related offences

Murder

Attempted murder

Manslaughter and driving causing death

Acts intended to cause injury

Assault

Other acts intended to cause injury

Sexual assault and related offences

Sexual assault

Non-assaultive sexual offences

Dangerous or negligent acts endangering persons

Dangerous or negligent operations of a vehicle

Other dangerous or negligent acts endangering persons
