

Hon Adam Giles MLA  
Minister for Business  
GPO Box 3146  
DARWIN NT 0801

Dear Minister

In accordance with section 68B (4) of the *Gaming Control Act*, I present to you the Community Benefit Fund Annual Report for 2013-14. The Annual Report details the operations of the Community Benefit Committee during the financial year, including full listings of grant recipients and purposes.

Yours sincerely

Sharon Wilson  
Chair  
Community Benefit Fund Committee

<b>Total Expenditure</b>		<b>3,053,308</b>
<b>Closing balance at 30 June 2014</b>		<b>(90,468)</b>

## Community Benefit Fund

The Community Benefit Fund was established to provide funding support for gambling-related research and amelioration programs concerned with problem gambling, as well as community benefit grants which provide assistance for general community development and improvement purposes.

Section 68A of the *Gaming Control Act*, provides that:

- (1) the Director (of Licensing) must maintain in the Agency's Operating Account a fund to be known as the Community Benefit Fund; and
- (2) Moneys in the Community Benefit Fund are to be applied for the following purposes:
  - a. research into gambling activity, including the social and economic impact of gambling on individuals, families and the community;
  - b. promotion of community awareness and education in respect of problem gambling and provision of counselling, rehabilitation and support services for problem gamblers and their families in the Territory;
  - c. funding of community projects and services of benefit to communities throughout the Territory; and
  - d. management and administrative support of the Fund.

The Fund receives a 10 percent levy on player loss from electronic gaming machines in licensed hotels, unclaimed prizes paid to the Director of Licensing and proceeds from items forfeited under the *Gaming Control Act*. Each year the Minister for Business determines how this money will be distributed by the fund in terms of gambling amelioration, small and major community organisation grants and administration.

Two rounds of small community organisation grants and vehicle gifting / long term loans are conducted every year, as well as one round of gambling amelioration and major community organisation grants. Each round is advertised in local papers throughout the Territory. This year a third round of small community organisations grants was held in June.

The responsibility for assessing applications requesting funding from the above grant categories falls on the Community Benefit Committee ('the Committee') which has been established by the Minister for Business to advise and assist the Minister in the operation of the Fund.

The Committee also advises the Minister about the obligations of licensed clubs throughout the Territory to provide direct community benefit contributions to their local communities, as required under the *Gaming Machine Act*.

## Administrative Responsibility

Under the *Gaming Control Act* (the Act), the Director of Licensing (the Director) has responsibility to maintain the Community Benefit Fund (CBF). The Director's duties in relation to the CBF can be broadly summarised as follows:

- maintain the CBF in the agency operating account;
- determine the revenue of the CBF through assessing gaming machine levy;
- monitor and report on club community contributions; and
- approve funds for gambling related research.

Gambling and Licensing Services in the Department of Business is responsible for the coordination, management and administration of the program. This includes secretariat and executive support to the Committee as well as promoting the program within the wider community. The secretariat is also responsible for the management of amelioration support and research activities, overall fund administration and general reporting of the program activities and progress to Government and other stakeholders.

Licensing inspectors in the Department of Business are responsible for ensuring returns are provided by each club and checking that contributions claimed on the returns are eligible.

## Committee Membership and Meetings

The Community Benefit Committee is comprised of at least three community representatives and government chair.

Community members of the Committee are appointed in an honorary capacity by the Minister. Nominal fees for attending Committee activities may be paid at the discretion of the Minister. Community members are also entitled to reimbursement for out of pocket expenses in meeting obligations arising from participation in Committee activities, consistent with normal government policy.

During 2013-14 the following members served on the CBF Committee for the periods listed below.

- Austin Chin (Darwin) 01 July 2013 – 30 June 2014
- Sharon Wilson (Darwin) 01 July 2013 – 30 June 2014
- Paul Davis (Alice Springs) 01 July 2013 – 30 June 2014

Government Representatives

- Doug Phillips (Chair) 01 July 2013 – 30 June 2014  
Department of Business

The Committee met on three occasions during 2013-14.

## Industry Contribution to Community Benefit Fund

The gambling industry is a major contributor to the Northern Territory economy, with significant investment, employment and taxation revenue effects. It is also a key element in the broader recreational, hospitality and tourism sectors.

However, the industry carries the potential for significant negative social consequences as a direct result of problem gambling aspects, particularly in regard to the operation of electronic gaming machines. To establish a responsible and balanced position for the industry, government requires that this sector of the gambling industry contributes to measures to address the adverse effects it created and more generally, to improve the broader community environment within which the machines operate.

The required industry contribution is achieved in two ways:

1. through the imposition of a Community Benefit Fund levy on the electronic gaming machine takings from licensed hotels; and
2. by direct support to community improvement and development by licensed clubs operating electronic gaming machines.

## Community Benefit Fund Levy - Licensed Hotels

The Fund is established under the *Gaming Control Act* to consolidate and manage the Community Benefit Fund levy collected from the operation of electronic gaming machines in licensed hotels. Funding is directed to specific areas of activity as specified in the legislation.

## Community Support Contributions – Licensed Clubs

As part of the arrangements for allowing gaming machines in community venues, clubs are required to make contributions to the local community and report those contributions on a regular basis. Guidelines exist to clarify what can be legitimately reported as a contribution.

Section 68B(2)(b) of the *Gaming Control Act* requires the Community Benefit Fund Committee ‘to monitor the contribution that clubs that are licensees under the *Gaming Machine Act* make to the community’.

In 2013-14, community support contributions from licensed clubs totalled \$5.319 million, equating to 20% of net gaming machine revenue received. This represents an increase of 7% from the 2012-13 community support contributions, which totalled \$3.167 million, equating to 13% of net gaming machine revenue received. (Table 5 refers)

## Operation of the Fund

### Performance Targets

The following performance targets were set for 2013-14:

- 100% accuracy of grant payments processed; and
- 100% specified grant timeframes met.

Both performance targets were achieved during 2013/14.

## Gambling Amelioration Grants

The Gambling Amelioration Grants Program was established to support interventions that reduce problem gambling and minimise the harms that result from gambling. Interventions can range from community awareness and education through to the provision of counselling, rehabilitation or support services for problem gamblers and their families.

In 2013-14, five organisations were funded a total of \$1,064,576 to provide gambling amelioration services. These organisations were:

- Amity Community Services Incorporated received funding of \$544,800 to continue their gambling intervention service and education program, individual assessment and counselling, maintenance of its website and the Gambling Counselling Helpline. A further \$104,959 was paid to continue on from the Gambling Awareness and Education Campaign funded in 2012-13 that is focussed on promoting responsible gambling in indigenous communities; and
- Somerville Community Services received funding of \$215,182 to continue its problem gambling financial counselling service in Darwin and Palmerston for a further twelve months.
- Big Fat Productions (isee-ilearn) received funding of \$145,000 for stage three of the strong living project. This project is aimed at the prevention and reduction of habituation gambling within indigenous communities.
- Roper Gulf Shire Council received \$37,120 to conduct the Bulman Barrel of Laughs night which is a campaign against problem gambling through a comical community message for remote areas of the Northern Territory.
- The Department of Justice, Victoria was also paid \$17,515 as the Northern Territory's contribution to the *National Online Problem Gambling Project*.

In June 2014 an additional \$807,000 was paid to Amity Community Services Incorporated in relation to two projects that will be undertaken in 2014-15. Providing these funds in advance is aimed at ensuring continuity of service through the change in financial year and to allow the focus to be on service delivery at the commencement of 2014-15.

## Gambling Research

No new research projects commenced in 2013-14. A project studying the spatial relationship between electronic gaming machines venues, their clientele and gambling related harm in the Northern Territory completed and the results have been published on the Gambling and Licencing Services website.

## Major Community Grants

The Major Community Grants Program was established in 2008-09 to provide funding support to not for profit Northern Territory based organisations for community development and improvement purposes. The maximum grant available for each project is \$200,000.

In 2013-14, five organisations were funded a total of \$260,000 as follows:

- Yulara Ayers Rock Lion Club Inc received funding of \$162,000 to construct a community park and playground;
- Groote Eylandt & Milyakburra Youth Development Unit Inc received \$28,000 for the Sharing Knowledge – Sharing time project ;
- Alawa Aboriginal Corporation received funding of \$25,000 for the Minyerri football oval water supply project;
- InCite Youth Arts Incorporated received funding of \$25,000 for the InCite / Warlpiri Youth Development Aboriginal Corporation Community Development Program; and
- The Genealogical Society of the Northern Territory Inc received funding of \$20,000 to purchase a ScanPro 3000 and additional software to fast track research and enhance networking and distribution of historical data.

## Community Organisation Grants (small grants)

Community Organisation grants are available to support projects which have the potential to improve the wellbeing and lifestyle of Territorians. Funding for a wide range of purposes may be provided to eligible not for profit Territory based community organisations.

Funding is generally limited to amounts of \$5,000 or less, although higher amounts may be approved under specified conditions outlined in the grant guidelines. Funding is provided for non-recurrent expenditure and is available only for clearly identified projects which can be completed within specified time frames.

Greater consideration is given to priority issues such as level of existing community support and circumstances such as remoteness or high levels of socio-economic disadvantage. Preference is also given to requests for lower value amounts. This combined approach allows for an equitable distribution of available funds throughout the Northern Territory to as many worthwhile projects as possible.

Table 2 provides a regional summary of applications received and approved.

**Table 2: Community Organisations Grants (small grants) approved in 2012-13 and 2013-14 - Summary by Region**

## Vehicle Gift and Long Term Loans

Whilst the CBF Committee considers applications for vehicle gifts and long term loans and makes recommendations to the Minister, the actual vehicles are not funded by the levy on electronic gaming machines, but instead, by a levy charged by Northern Territory Fleet on all government vehicles. Applications for vehicle gifting or long term loans are called for on a biannual basis with similar criteria to that of Community Organisation grants. During 2013-14 a total of 58 vehicle gift and long term loan applications were received. The Community Benefit Fund Committee recommended 11 vehicle gifts and three long term loans be approved.

These recommendations were approved by the Minister for Business under the *Financial Management Act*. Table 3 lists the vehicles approved in 2013-14.

**Table 3: Vehicle Gift / Long Term Loan Approvals**
