

COMMUNITY BENEFIT FUND

2016/2017

ANNUAL REPORT

Hon Natasha Fyles MLA
Attorney General and Minister for Justice
GPO Box 3146
DARWIN NT 0801

Dear Minister

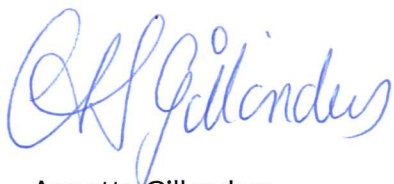

In accordance with section 68B (4) of the *Gaming Control Act*, I present to you the Community Benefit Fund Annual Report for 2016-17. The Annual Report details the operations of the Community Benefit Committee during the financial year, including full listings of grant recipients and purposes.

I would like to thank and acknowledge the effort and dedication provided by three committee members whose tenure expired shortly after the years end. Ms Sharon Wilson, both as past chair and member, Ms Jennifer Lillis and Ms Vicki O'Halloran AM provided valuable contributions to the committee with their commitment to their community being ever present.

I would also like to highlight one of the many success stories from the CBF. During the year construction was completed on the Barkly Goldrush Arena Development in Tennant Creek. This project constructed permanent shade structures as well as lighting to the arena. Feedback from the organisation has indicated that since the completion of the development a significant increase in participation has noted.

In conclusion the Community Benefit Fund is providing much need support to a variety of non-for-profit organisations. The committee looks forward to the coming year working within a more focussed framework.

Yours sincerely

Annette Gillanders
Chair
Community Benefit Fund Committee

Community Benefit Fund

The Community Benefit Fund was established to provide funding support for gambling-related research and amelioration programs concerned with problem gambling, as well as community benefit grants which provide assistance for general community development and improvement purposes.

Section 68A of the *Gaming Control Act*, provides that:

- (1) the Director-General must maintain in the Agency's Operating Account a fund to be known as the Community Benefit Fund; and
- (2) moneys in the Community Benefit Fund are to be applied for the following purposes:
 - a. research into gambling activity, including the social and economic impact of gambling on individuals, families and the community;
 - b. promotion of community awareness and education in respect of problem gambling and provision of counselling, rehabilitation and support services for problem gamblers and their families in the Territory;
 - c. funding of community projects and services of benefit to communities throughout the Territory; and
 - d. management and administrative support of the Fund.

The Fund receives a 10% levy on player loss from electronic gaming machines in casinos and licensed hotels, unclaimed prizes paid to the Director of Licensing and proceeds from items forfeited under the *Gaming Control Act*. Each year the responsible minister determines how this money will be distributed by the fund in terms of gambling amelioration, small and major community organisation grants and administration of the Fund.

The responsibility for assessing applications for funding falls on the Community Benefit Committee ('the Committee') which has been established to advise and assist the Minister responsible for the operation of the Fund.

The Committee also advises the Minister on the obligations of Territory licensed clubs with regard to the provision of direct community benefit contributions to their local communities, as required under the *Gaming Machine Act*.

Administrative responsibility

Under the *Gaming Control Act* (the Act), the Director-General has responsibility to maintain the Community Benefit Fund (the Fund). The Director-General's duties in relation to the Fund can be broadly summarised as:

- maintaining the CBF in the agency operating account
- determining the revenue of the CBF through assessing gaming machine levy
- monitoring and reporting on club community contributions
- approving funds for gambling related research.

Licensing NT, a division of the Department of Attorney-General and Justice, is responsible for the coordination, management and administration of the program. This includes secretariat and executive support to the Committee as well as promoting the Fund within the wider community. The secretariat is also responsible for the management of amelioration support and research activities, overall fund administration and general reporting of the program activities and progress to Government and other stakeholders.

Committee membership and meetings

The Community Benefit Committee (the Committee) comprised of 14 community representatives and one government representative.

Community members of the Committee are appointed in an honorary capacity by the Minister. Nominal fees for attending Committee activities may be paid at the discretion of the Minister. Community members are also entitled to reimbursement for out of pocket expenses in meeting obligations arising from participation in Committee activities, consistent with normal government policy.

During 2016-17 the following members served on the CBF Committee for the periods listed below:

- Annette Gillanders – Chair (Darwin) 01 July 2016 – 30 June 2017
- Charles Burkitt – Deputy Chair (Darwin) 01 July 2016 – 30 June 2017
- Sharon Wilson – Committee (Darwin) 01 July 2016 – 30 June 2017
- Vicki O'Halloran AM (Darwin) 01 July 2016 – 30 June 2017
- Jennifer Lillis (Alice Springs) 01 July 2016 – 30 June 2017
- David Koch (Alice Springs) 01 July 2016 – 30 June 2017
- Nicole Walsh (Alice Springs) 01 July 2016 – 30 June 2017
- Nathan Tam (Darwin) 01 July 2016 – 30 June 2017
- Bronwyn McRostie (Darwin) 01 July 2016 – 30 June 2017
- Deborah Fracaro (Darwin) 01 July 2016 – 30 June 2017
- Michael Adams (Tennant Creek) 01 July 2016 – 30 June 2017
- Craig Jervis (Alice Springs) 01 July 2016 – 30 June 2017
- Stuart Kenny (Darwin) 01 July 2016 – 30 June 2017
- Tony Clementson (Katherine) 01 July 2016 – 30 June 2017

Government representatives:

- Cindy Bravos (Darwin) 01 July 2016 – 30 June 2017
Director-General of Licensing

The Committee met on three occasions during 2016-17.

Industry contribution to Community Benefit Fund

The gambling industry is a major contributor to the Northern Territory economy, with significant investment, employment and taxation revenue effects. It is also a key element in the broader recreational, hospitality and tourism sectors.

However, the industry carries the potential for significant negative social consequences as a direct result of problem gambling aspects, particularly in regard to the operation of electronic gaming machines. To establish a responsible and balanced position for the industry, government requires this sector of the gambling industry to contribute to measures that address the adverse effects it created and, more generally, to improve the broader community environment within which the machines operate.

The required industry contribution is achieved in two ways:

1. through the imposition of a Community Benefit Fund levy on electronic gaming machine player losses from casinos and licensed hotels
2. by direct support to community improvement and development by licensed clubs operating electronic gaming machines.

Community Benefit Fund levy – casinos and licensed hotels

The Fund is established under the *Gaming Control Act* to consolidate and manage the Community Benefit Fund levy collected from the operation of electronic gaming machines in Casinos and licensed hotels. Funding is directed to specific areas of activity as specified in the legislation.

Community support contributions – licensed clubs

As part of the arrangements for allowing gaming machines in community venues, clubs are required to make contributions to the local community and report those contributions on a regular basis. Guidelines exist to clarify what can be legitimately reported as a contribution.

Section 68B(2)(b) of the *Gaming Control Act* requires the Community Benefit Fund Committee 'to monitor the contribution that clubs that are licensees under the *Gaming Machine Act* make to the community'.

In 2016-17, community support contributions from licensed clubs totalled \$5.302 million, equating to 17% of net gaming machine revenue received. This represents an increase of 4% from the 2015-16 community support contributions, which totalled \$4.141 million, equating to 13% of net gaming machine revenue received. (Table 8 refers)

Gambling Amelioration Grants

The Gambling Amelioration Grants Program was established to support interventions that reduce problem gambling and minimise the harms that result from gambling. Interventions can range from community awareness and education programs through to the provision of counselling, rehabilitation or support services for problem gamblers and their families.

In 2016-17 eight gambling amelioration grants were funded a total of \$2 012 326 to provide gambling amelioration services. Three of these grants were multi-year agreements that had been awarded in 2015-16, while a fourth three year grant was awarded in 2016-17. The remaining four grants were all for one year:

Existing Multi-year grants

- Amity Community Services Incorporated received a three-year grant for a total of \$1 935 390 (\$644 350 in 2016-17) for their ongoing gambling harm minimisation service and education program, which includes individual assessment and counselling, maintenance of its website and the Gambling Counselling Helpline.
- Amity Community Services Incorporated received a three year grant for a total of \$610 000 (\$234 545 in 2016-17) to develop and trial a multi-venue self-exclusion system that is designed to supersede the current paper-based system and provide an easy one-stop-shop for an individual wishing to self-exclude from gaming venues.
- Somerville Community Services received a three-year grant for \$1 064 035 (\$354 397 in 2016-17) to continue its problem gambling financial counselling service in Darwin and Palmerston.

New Multi-year grant

- Somerville Community Services received a three year grant for \$374 012 (\$118,640 in 2016-17) to provide an additional counsellor for their problem gambling financial counselling service in Darwin and Palmerston.

Single year grants

- Amity Community Services received funding of \$140 426 to purchase hardware to support the Multi Venue Self Exclusion system they have been developing. This hardware will result in uniformity across the Territory and also reduce the impact of introducing the system to venues.
- Amity Community Services received funding of \$307 450 in conjunction with italk library to develop a Red Flag – Public Health Campaign. The project aims to raise awareness of Red Flag behaviours when gambling through visual storytelling and animation.
- Aboriginal Resource and Development Services Inc (ARDS) received \$32 517 to develop pokie problem gambling literacy for Yolŋu. The project will produce a series of radio interviews that address issues around poker machines such as their history, social impacts and regulations, how they work and support and advice. The interviews will be broadcast in Yolŋu Matha.
- Australian Hotels Association NT Branch Inc received \$180 000 for a Responsible Service of Gambling Project. The project will develop training to complement the updated code of Practice for Responsible Gambling in the Northern Territory.

Gambling research

Three research projects received funding in 2016-17 totalling \$686,112. Two projects commenced in 2014-15. These projects are:

- In 2014-15 the Australian National University were successful in being awarded funding of \$300 000 (\$100 000 in 2016-17) to be paid over three financial years to expand the useability of 'Gambling Harm in the Northern Territory - An Atlas of Venue Catchments'.
- In 2014-15 Menzies School of Health Research were successful in being awarded funding of \$536 364 (\$172 727 in 2016-17) to be paid over three financial years undertake the 2015 Northern Territory Gambling Prevalence Survey.
- In 2016-17 the Australian National University, Amity Community Services Inc and Menzies School of Health Research we successful in receiving funding of \$1 162 246 (\$413 385 in 2016-17) to develop and pilot a health promotion initiative addressing problem gambling in three remote indigenous communities.

Major Community Organisation Grants

The Major Community Grants Program was established in 2008-09 to provide funding support to not-for-profit Territory-based organisations for community development and improvement purposes. The maximum grant available for each project is \$200 000. In 2016-17 there were four rounds of Major Grants. A regional summary of the Major Grants can be found at Table 2 and a list of successful applicants can be found at Table 5.

Table 2: Major Community Organisation Grants approved in 2015-16 and 2016-17 - summary by region

* The outcome of round four was not known at the time of publishing. Results are indicative of three rounds only.

Small Community Organisation Grants

Community Organisation grants are available to support projects which have the potential to improve the wellbeing and lifestyle of Territorians. Funding for a wide range of purposes may be provided to eligible not-for-profit Territory-based community organisations.

The maximum amount that can be applied for is \$10 000. Funding is provided for non-recurrent expenditure and is available only for clearly identified projects which can be completed within specified time frames.

Greater consideration is given to priority issues such as level of existing community support and circumstances such as remoteness or high levels of socio-economic disadvantage. Preference is also given to requests for lower value amounts. This combined approach allows for an equitable distribution of available funds throughout the Northern Territory to as many worthwhile projects as possible.

Table 3 provides a regional summary of applications received and approved and a full list of successful applicants can be found at Table 5.

Table 3: Small Community Organisations Grants approved in 2015-16 and 2016-17 - summary by region

* The outcome of round four was not known at the time of publishing. Results are indicative of three rounds only.

Quick Grants

Quick Grants are for applicants who require funding urgently and do not have time to wait for a normal Small or Major Grants round to be completed. There were 44 applications received in 2016-17 requesting a total of \$707 850 in funding. Thirty two applications were approved totalling \$523 500. A full list of successful applicants can be found below in Table 7.

Vehicle Gift and Long-Term Loans

The Community Benefit Committee considers applications for vehicle gifts and long-term loans and makes recommendations to the Minister. Applications for vehicle gifts or long-term loans are called for on a biannual basis with similar criteria to that of Community Organisation Grants. There were 33 vehicle gift applications received during 2016-17 with 11 being approved. No long-term loan applications were received.
