4. The applicant is seeking a special licence to permit the sale of liquor to patrons attending the event known as Suncorp Super Netball. It is a national netball sporting event. Local and interstate teams will be travelling to Darwin to participate, the Adelaide Thunderbirds and Sunshine Coast Lightning game is to be the main event of the day in addition to local teams competing. The games will all be held inside the stadium building on the main court.
5. The applicant is seeking the following hours of trade:
  - 1200 hours on Saturday, 8 June 2019 to 1700 hours on Saturday, 8 June 2019.
6. A crowd of approximately 2,000 people are expected to attend this event at the Territory Netball Stadium, 235 Abala Road, Marrara.

However, Health asks the Director-General of Licensing to consider patron and community safety & amenity when determining this application. Health provide the comment on the understanding the applicant is aware of their responsibility with regard to smoking compliance at the venue. Licensing is requested to remind the applicant that food and drinks are not permitted to be taken into any identified smoking area. Appropriate signage is provided for the convenience of the applicant.”*
11. This comment was forwarded to the applicant on 23 April 2018 and on the same day the applicant responded. *“Please refer to below and attached sent to Tania Chin to a previous similar feedback on our Authority - On Licence application. Good morning Tania, Thank you for your email. ## **Licensee History**

16. Netball NT Incorporation have not previously applied for a Special Licence however the proposed Nominee for the event, Michael Mouzourakis has been the Nominee on other granted special licences at the Territory Netball Stadium with no compliance issues noted.

## **Assessment of the Application**

17. As previously noted, this is an application for a special licence under section 58 of the Act. That section is within Part VI of the Act. There are no specific criteria prescribed within the Act for consideration of an application for a special licence. Special licences exist under Part VI of the Act and are therefore not part of the definition of “licence” pursuant to section 4 of the Act, namely “a licence issued under Part III” of the Act.
18. As a result, it has previously been determined by this Commission that an application for a special licence is **not** a licence with respect to which I am bound to apply the public interest and community impact test as provided for under section 6 of the Act.
19. The Commission has previously noted however that pursuant to section 3(3) of the Act; it is clear that when “exercising a power or performing a function under (the Act) (the Commission) must have regard to the objects of (the Act) and must exercise the power and perform the function in a way that is consistent with those objects”.
20. Section 3 of the Act identifies the “Objects” as follows:

- “(1) The primary object of this Act is to regulate the sale, provision, promotion and consumption of liquor:
- (a) so as to minimise the harm associated with the consumption of liquor; and
  - (b) in a way that takes into account the public interest in the sale, provision, promotion and consumption of liquor.
- (2) The further objects of this Act are:
- (a) to protect and enhance community amenity, social harmony and wellbeing through the responsible sale, provision, promotion and consumption of liquor;
  - (b) to regulate the sale of liquor in a way that contributes to the responsible development of the liquor and associated industries in the Territory; and
  - (c) to facilitate a diversity of licensed premises and associated services for the benefit of the community.”

21. As I have been delegated the authority to make this decision, I too am bound by these objects and they have been considered carefully by me when determining this application.
22. The applicant is only intending to sell beer, cider, wine and ready mixed spirits. The hours of trade are limited to five hours and the provision of alcohol is very much ancillary to the main purpose of the event which will be the playing of top level netball.
23. I am assuming that Netball NT will be hoping to raise funds through the operation of the bar, however given the limited hours of the licence sought I am satisfied that this is not an event where there is a high risk of excessive alcohol consumption.
24. In all the circumstances and as a result of the matters outlined above I am on balance, satisfied that the objects of the Act have been sufficiently addressed and for the reasons outlined I have decided to grant the special licence as outlined at the start of this decision notice.

### **Notice of Rights:**

25. Section 120ZA of the Act provides that a reviewable decision is a Commission decision that is specified in the Schedule to the Act. A decision to issue a special licence subject to condition pursuant to section 59 of the Act is specified in the Schedule and is a reviewable decision. I am exercising the power to make a Commission decision pursuant to the delegation made to me by the Commission.
26. Section 120ZC of the Act provides that a person affected by this decision may seek a review before the Northern Territory Civil and Administrative Tribunal. Any application for review of this decision must be lodged within 28 days of the date of this decision.

27. For the purpose of this decision, and in accordance with section 120ZB(1)(b) and (c) of the Act, the affected person is the Applicant.
